Provisions Made for Airport,  
Extra Police and Salary  
Increase

Marion citizens appear to be  
different to the financial affairs of the  
city as was evidenced last night when  
public hearing on the 1929 budget for  
the city failed to bring anyone to  
council chamber to voice either ap-  
proval or dissent in regard to the  
schedule completed by the city finance  
committee.

Fortieth two copies of a budget  
totaling \$604,142 for the operating  
expenses and the debt retirement of  
the city for next year, were ordered  
certified to the county auditor for con-  
sideration of the county budget com-  
missioners by action of council.

In the opinion of city officials the  
budget this year has been thoroughly  
worked out all requirements not con-  
sidered absolutely necessary having  
been eliminated.

Several new provisions have been  
made in next year's budget. One of  
them is the creation of a fund for the  
Marion airport. Other increases in-  
clude additional salaries for firemen  
and policemen whose remuneration  
increases on a schedule during their  
first two years in service. Provision  
is also made for two additional police-  
men for the Marion airport one day  
man and one night officer. This was  
considered essential in view of housing  
valuable planes there next year.

Complete details of the budget as  
made out by the finance committee of  
city council may be seen in the  
Thursday July 11 issue of The Star.

Commissioner Whelan of the  
New York police decided his de-  
partment needed jacking up and  
made changes which affected al-  
most the entire force. Inspector  
P. S. McCormack alone noted  
as the "hard boiled guy" will now  
have the job of seeing that the  
Great White Way closes down on  
time.

Solicitor Authorized To Draw  
Up Legislation Asking  
One-Fourth Mill  
WOULD BRING \$13,000

Proposal Will Be Submitted  
to Voters. Money Needed  
for Improvements

Marion voters will probably be  
asked to vote this fall on a quarter  
of a mill levy for the maintenance of  
the city parks following action of  
city council last night authorizing  
Solicitor C. J. Cerni to pre-  
pare necessary legislation for the pro-  
posed levy.

It is thought that the levy which  
will be sought for a five-year term  
will provide approximately \$13,000  
annually for city parks during its  
life. This if secured, will be turned  
over to the city park board for ex-  
penditure as they see fit.

This action follows requests for  
financial assistance made before mem-  
bers of city council by representatives  
of the park board. Contemplated  
work in McKinley park is now  
threatening the tranquility of the city  
park board not including various  
other improvements which should be  
fitly pointed out during the discussion.  
Lincoln park, said by members of  
council to be ideally located and  
naturally fit for a beautiful park  
may receive some attention during  
the next five years if the levy is sub-  
mitted this fall and passed.

McKinley and Garfield parks are also  
due to get improvements in the way  
of reconstruction and new drives and  
other equipment if the levy is  
passed.

As yet no award for jacking work  
in McKinley park, which bids  
were received nearly a month ago,  
has been made. No satisfactory  
plans for such sufficient im-  
provements for the work has been devised.  
If undertaken and completed, the park  
drive would be made a continuation  
of the new paving work on Lake at  
and Waples, on which bids were  
received by city officials Wednesday.

King Murphy, Colored Train  
Rider, Fatally Injured;  
Dies Here

COMPANION ESCAPES

No Cause Learned for Acci-  
dent on Hocking Valley  
Railroad

King Murphy, 29, colored, said to  
be from Argo, Ill., died at the city  
hospital shortly after 7 o'clock last  
night as a result of injuries received  
when three cars of a south bound  
Hocking Valley freight train left the  
tracks at Prospect.

Murphy's train rider was riding  
in the second car from the engine  
when it is not known whether he  
was thrown from the train when the  
train left the track or whether he  
jumped from the derailed car.

The injured train rider was brought  
to the city hospital in a private  
ambulance from Prospect. He died  
shortly after arriving at the hospital.  
According to hospital officials he did  
not gain consciousness.

Injuries about the head and face  
are thought to have caused the death  
of the man. A companion who es-  
caped was not injured. His knowl-  
edge concerning Murphy's death is  
limited.

Arrangements are being made to  
bury Murphy in the Argo cemetery. The  
body was found on the Hocking Valley  
train on last night. It was found  
near the crossing at Prospect. The

There was much trouble and con-  
fusion at the Pennsylvania crossing  
on Garden city pk., a mile northwest  
of Marion this morning as the Sil-  
lento circus came to town.

Traffic was blocked for nearly a  
quarter of a mile in each direction  
as hundreds of Marion residents  
gathered to watch the circus.

The circus arrived at 9  
o'clock. Instead of 6 o'clock as for-  
merly announced, disappointed about  
100 persons who were waiting at the  
tracks at the early hour.

Sells Lolo, travelling on 78 railroad  
cars will give two performances here  
on the Drake lot on Saturday and  
today one at 2 o'clock this afternoon  
and one at 5 o'clock tonight. Tickets  
for the performances are on sale at  
Barlett's Drug Store on Center st.  
here.

Tom Mix is the headliner of the  
show, as is easily seen by a glance  
at the brilliantly painted coaches.  
He and his horse, Tony, are a part  
of the show in which Tony does not  
participate in show activities, he con-  
stantly is a showman all by himself.

About 72 horses appear in the show  
including 20 ponies, 38 performing  
horses, 11 wild west horses, 10 horses  
with the famous Hannaford trick  
riders, and 12 jumpers. Tom Mix  
uses eight horses in his various ap-  
pearances throughout the show and  
also performs with a black bull.

Performances here will last about  
two hours and 15 minutes, with an  
extra hour's attraction in a wild west  
show immediately following each per-  
formance here. It is estimated that  
more than 10,000 persons can be seated  
in the huge tent under which the  
circus is shown. There are three  
rings and three stages operating con-  
tinuously throughout each show.

TOT DROWNS IN  
OPEN CISTERN

Wisbaker Home Near Upper  
Sandusky Scene of  
Tragedy

UPPER SANDUSKY, July 19.—  
Myrtle, the 13-month old daughter  
of Mr. and Mrs. Frank Wisbaker,  
residing one-half mile east of here,  
drowned when she fell into an open  
cistern at the Wisbaker home about  
1 o'clock yesterday afternoon.

Although no member of the family  
witnessed the accident, it is believed  
that the child, who had been playing  
in the yard, climbed onto a large  
box near the open cistern and fell  
in. The child had been playing in  
the yard. The cistern had been  
left open by an older sister, a girl  
who had been drinking water to do a  
washing, in another part of the yard.

Ald Fails

The child had been missing for  
about 15 minutes before Mrs. Wis-  
baker noticed her absence and began  
searching for her. The body was  
found floating on top of the water in  
the cistern.

Death Toll in New Kensington,  
Pa., Explosion Reported  
Increasing

NEW KENSINGTON, Pa. July 19.—  
Five employees of the United  
States Aluminum companies died in  
the hospital here today, bringing the  
death toll to seven in a terrific ex-  
plosion which shattered the powder  
plant of the Logans Ferry works  
last night. The company is a sub-  
sidiary of the Aluminum Company of  
America.

Two of the men in the plant were  
killed instantly. Six men still were in  
the hospital one of them in a critical  
condition.

J. J. Paustentz, head of the  
night foreman and Andrew Kauff-  
man, last night foreman, were killed.  
Those who died today were H. Lopez,  
G. Gallardo, G. Giannini, I. Faras  
and M. Mazzoni.

The force of the blast wrecked two  
one-story brick and steel buildings,  
shattering the workmen with debris  
and rocked New Kensington and the  
surrounding country. The death  
and injured were quickly dug from  
the wreckage and were rushed to the  
hospital. It was believed all had been  
accounted for.

The workmen were carrying  
aluminum bronze powder used in  
the manufacture of paint. The powder  
is highly explosive. According to  
the best estimates today of officials,  
a burning in one of the stamping  
machines caught fire from an over-  
heated belt. The fire spread almost  
instantly, exploding the bronze powder.

Hurled about by the force of the  
explosion the 15 men working in the  
plant were battered, burned and  
buried in the falling debris.

which Germany today thanks to  
Hilt and Francis T. Hunter, who  
respectively defeated Hans Molden-  
hauser and Dr. Daniel Prean, Ger-  
many's two greatest tennis players,  
in singles matches.

Tilden defeated Moldenhauser in  
straight sets, 6-2, 6-4, 6-4. Hunter  
had slightly more difficulty in van-  
quishing Prean, 3-6, 6-3, 6-4, 6-3.

Will One of Shortest Filed  
Here; Contains Two  
Clauses

The entire estate of the late John  
D. Owens goes to the widow, Mary  
Belle Owens, under the terms of the  
will which has been filed for probate  
in the probate court here.

Considering the size of the estate  
left by Mr. Owens the will was one  
of the shortest ever filed in the prob-  
ate court. It contained only two  
clauses. The first gave the customary  
directions for paying all just debts  
and the second directed that all prop-  
erty to go to Mrs. Owens.

The will is expected to be probated  
today or Saturday. The document  
was dated Nov. 14, 1923.

Car Stolen From Man Here  
Used In \$27,000 Robbery

A BUICK sedan, owned by Dr.  
J. W. Jolley, which was  
stolen here last Sunday night  
was used in a bank robbery in  
Glenview, Ill., last Friday,  
according to information  
received here today.

The story of the automobile's  
part in the robbery was told by  
Harry O. Dicks, local insurance  
dealer who brought the car back  
to Marion.

According to Dicks four masked  
bandits drove to the Gas City  
bank shortly after it opened last  
Friday morning. Three of the  
men entered the bank while the  
other remained at the wheel of  
the machine.

After accepting up \$27,000 in  
cash the men drove off in the  
town in Dr. Jolley's car. A short  
distance out of the town the car  
was turned over. A Chevrolet,  
owned by a farmer who was in a  
nearby field plowing corn, was a  
short distance down the road.  
Transferring the load to this car  
the bandits effected their escape.  
In their hurry to get away the  
men left a trail of a muddy tire  
mark and a quantity of abandoned  
clothing in the back.

Dr. Jolley's car was found in the  
garage at 444 W. Main st.  
South of Marion. It was found  
with the car door open and the  
keys hanging from the ignition.

OKAY GRAVE CREEK  
DITCH ASSESSMENTS

Commissioners To Open Bids  
on \$30,000 Project  
Sept 9

After making two alterations the  
board of county commissioners ap-  
proved assessments for the construc-  
tion of the Grave creek ditch at the  
hearing yesterday. Sept 9 at 10  
o'clock was set on the date for open-  
ing bids for the improvement.

The estimated cost of the improve-  
ment is approximately \$30,000. A  
slight reduction will be made in the  
cost of the ditch as a result of the  
elimination of branch No. 3.

Bonds for the project will be sold  
in the county sinking fund trustees  
at 5 1/2 per cent interest. They will  
run approximately five years.

The ditch begins in Marion town-  
ship and extends through the  
Whiteland and Richland townships. It  
is nearly 8 miles in length. It is the  
longest ditch ever constructed by the  
county.

According to members of the board  
of county commissioners work is ex-  
pected to be started on the project  
this year.

Work is to be started upon the  
1 1/2 miles of the work on the Quin-  
cannon ditch north of Marion. Excavating  
machinery was moved on the job yester-  
day. The five miles of open work  
on the ditch has been completed.

Earthquake Causes  
Panic in Italian City

LONDON, July 19.—Tramway  
conditions were reported in  
Florence, Italy, today following a severe earth-  
quake which threw the population into  
panic and caused many deaths.

A Central News Dispatch said that  
the shocks began at 11 o'clock last  
night. Buildings swayed and there  
was some property damage, but no  
fatalities were reported.

Many of the residents rushed from  
their homes into the streets and pre-  
pared to flee from the city.

Polish Fliers Became Pals  
After Fighting As Enemies

Plane Crash First Casualty  
of Their Lengthy Association

TWELVE years ago—such are the inexplicable antics of Fate—two Polish fliers, deadly enemies of the air over the Eastern Front, were fighting fiercely to bring to each other separately the catastrophe that overtook them together, as comrades of peace.

Up until a few days ago these two seemed to have charmed lives. They fought through the war as enemies. Each was decorated for bravery. Then they joined their luck and their skill and fought side by side against the Bolsheviks until 1921.

## First Mishap

The death of Major Leon Idzikowski and the severe injury to his comrade, Major Casimir Kubala, in their attempted flight to Mitchell Field, L. I., were the first casualties of that long and strange association.

Major Idzikowski was thirty-eight. Before the outbreak of the

war, in 1914, he was a student at Polytechnical Institute, Liege, Belgium, the city that was so soon to enter upon its own tragic days. Although by nationality and choice a Pole, he was drafted into the Russian army.

Decorated by Russia

He was called to mobilization

MAJOR LEON IDZIKOWSKI  
MAJOR CASIMIR KUBALA

In 1913, and in 1915 was transferred to the Aeronautic service. Fighting on the Eastern Front, he was decorated several times by Russia.

Major Casimir Kubala is considered the foremost aviator and observer in Polish military aviation. He is a graduate of the Chemistry Department of the Jagiellonian University of Cracow.

In 1914 Major Kubala, also a

of Austrian Poland, was drafted into the Austrian army. He was transferred to the aeronautic service in 1910.

At the start of the war with the Bolsheviks in 1918 when the influence of Germany, Austria and Russia had lifted from divided and war-torn Poland, Major Idzikowski enlisted in the seventh squadron of sharpshooters and went to the front. He was a member of the famous Kosciuszko Escadrille, an American unit commanded by Colonel Cedric Fauntleroy of Chicago.

Delicious and Refreshing

Familiar Dishes are  
different—more delicious  
cooked with "Chateau"

For this new marvelous cheese food has so many uses. Spread it on crisp tea-crackers as easily as butter. Cut it cleanly in trim golden slices to go with flaky pies and pastries. But more than that—"Chateau" is wonderfully adaptable to all sorts of cooked dishes. Taste a little slice as you cook. It gives favorite dishes that new sharp-sweet flavor. It melts readily, completely, without becoming stringy. It's convenient. And "Chateau" is economical, too, because it contains rich extra cream, extra nourishment. Keep a package or two always on hand. Buy "Chateau" at your grocer's today, and ask for the new recipe booklet, "Chateau—12 ways to serve this new and delicious cheese food."

Chateau

The Aristocrat of all Cheese Foods

Tonight an old fam-  
iliar dish gains  
glory. It's Tomato  
Toast—with  
"Chateau"

It's not because you use the finest tomato juice, the ripest onions, the plump, green peppers—and the golden butter, and the racy seasoning... It's all of these—and more—for a new flavor blends and savors all the rest—the flavor of "Chateau". See recipe below. (A delicious supper dish—for midnight suppers too.)

Shower together for ten minutes two cups cooked, sliced tomatoes, one small onion minced, one green pepper minced, Melt two tablespoons butter in a saucepan. Stir in two tablespoons flour. Add the tomatoes and cook until thick, cooking constantly. Season to taste with salt and a little sugar. Cover the buttered toast with thin sheet of "Chateau". Cover with the tomato sauce and garnish with slices of crisp cooked bacon. Serve immediately.

**Funeral Today**—Funeral services for Mrs. Nellie Hinaman Marion route No. 2 were held this afternoon at 2 o'clock at her home and at 2:40 o'clock at St. Paul's church an church of his land township. The Rev. F. M. Koopman pastor, was in charge. Burial was made in St. Paul's Lutheran cemetery.

## Warmer Weather Ahead for Saturday Afternoon

Week end vacationists will have no fear of the weather Saturday, as the weathermen assure fair weather tonight, tomorrow, continued cool and warmer in the afternoon. Yesterday's high was 85, followed by 81 last night. A year ago yesterday the high was 87 topping the high yesterday by two points. The low was 67.

Marion experienced a much lower temperature last night than a year ago, by 15 degrees.

Forty per cent. of the electric power in the United States last year was produced by water power, the largest water power ratio ever reached.

## June As Month of Brides Nearly Eclipsed In 1928

JUNE of 1928 almost lost the title of the month of brides here in Ohio, as the annual report on marriage licenses which has just been completed in the probate court.

June 1928 with 51 licenses led December of the same year by only three. December was second high for the year with 51.

According to the report which covers the period from April 1928 to March 1929 there were 80 licenses issued in the marriage license bureau of the probate court.

The number issued by months follows: April 10, May 18, June 51, July 40, Aug. 19, Sept. 26, Oct. 25, Nov. 13, Dec. 51, Jan. 35, Feb. 21 and March 19.

Four couples were married by laws during the year, bringing the total number of couples married to 403.

## Green Cement "Lawn" Is Lawn Mower's End

VANOVER, Wash.—The lawn cutting problem has been solved here by E. Lee M. Vanover who has devised the mower, (patented) sprinkling water on weeds and sprays lawns as he mows without fear of the weeds to his shaggy.

For two years Vanover did not yield a crop of grass in his gravelly front yard and into which he poured water copiously and uselessly. Then he hired a canal miter poured a smooth slab over his entire front yard and painted it green.

The annual report of the probate court also shows that 41 letters of guardianship were issued during the year. Fifteen children were affected by guardianship. Seventeen in one case. One letter the court in that period. Eighty-eight wills were admitted to probate and 217 estates were administered.

## SECOND OF SLOGAN QUESTIONS SATURDAY

Hundreds Await with Interest Next of Contest Series

Hundreds of readers of The Marion Star today are waiting for the publication of the second question in the slogan contest now being sponsored by the paper. The second question will appear in Saturday's issue of The Star.

Last Saturday the contestants got off to a flying start by answering one slogan question concerning approximately 100 products which are sold by Marion dealers and are advertised regularly in The Star. The second question about these same products will be published Saturday.

When the contest ends the contestants will have answered four questions concerning the products.

Questions each week totaling \$1,000 will be distributed to the winners. The first prize is \$500. Other prizes are second \$250, third \$100, fourth \$50, fifth \$25, sixth \$15, seventh \$10, eighth to seventeenth inclusive \$5 each.

Answers to the questions concerning the products are to be written in the spaces provided on the contest cards which are being published in The Star each Saturday. With the one Saturday more questions are to be published.

Officials of The Star, advertising department who are sponsoring the contest stated today that two slogans will be added to the contest list this week. Contestants are to answer the first question published last Saturday, as well as the one published Saturday on the second contest prize.

All the contest prizes are to be kept by the contestant until all four questions have been answered. Then the prizes are to be sent or brought to The Star office together with an essay of 100 words or less. The essay must tell why the contestant prefers any one of the articles advertised in the contest.

**U. S. Returns to Hawaii**  
Pearl and Hermes Reefs

HONOLULU—Contract of all kind comprising Pearl and Hermes reefs, a part of the Hawaiian Islands, had reservation form by the secretary of agriculture at Washington has been transferred to the governor of this territory. Hereafter anyone seeking to establish fishing headquarters on the reefs such as buildings must obtain permission from the governor.

Pearl and Hermes are coral atolls, several hundred miles west of Honolulu. They are the parents of the year's supply for occasional parties of Japanese seamen who make the voyage from Honolulu and spend a week or more fishing on a commercial scale, as the waters in that vicinity abound with large food fish.

**Potash Melts Pants of California Fisherman**

YUBA, Calif.—Imagine Joe King a embarrassment!

When Joe went fishing he took along a package of potash in case of snake bites and stuffed it into his pocket.

Then he went wading deep into Onion Creek in the mountains near Yuba and he was lost.

Soon he discovered his trousers were coming apart. The water had wet his pants and it was sticking to his clothing.

Joe didn't even have a barrel to come home in. He had to wait until night fell and sneak along in the shadows.

## SEEK TO WIPE OUT POSTOFFICE DEFICIT

Problem One of Most Important Now Facing President Hoover

WASHINGTON, July 19.—One of the major problems confronting President Hoover is the growing deficit of the postoffice department, which has reached \$14,000,000 during the present fiscal year.

The situation has reached a point where Mr. Hoover has called upon Postmaster General Brown to devise ways and means for whittling down the prevailing drain upon public revenues.

Known and his first assistant, Frederick Tilton, who serves as a nation-wide reputation as an accountant and a corps of accounting experts, they are engaged in an effort to solve the problem.

Postoffice officials say there can be no cutback in the working force of the service if prompt and adequate service is to be given to the public. Probably about \$17,000,000 annually is required to cover the present franking, printing, and postage in the entire department, which is a substantial amount in view of the enormous amount of business done annually by the postal service.

A cost accounting report compiled on 178 post offices showed that only one-third of the cost of a post office is covered by the sale of stamps. The study showed that the cost of the expense of handling, franking or penalty mail was nearly one and a half cents per piece.

## Moral News

MORRIS.—Mr. and Mrs. George Branch and daughter, Lucile, of Marion, and Mr. and Mrs. G. H. Branch and children, Arthur, Pauline, Eugene, and Joseph, of Marion, spent Sunday with Mr. and Mrs. Anthony, Oakton.

Mr. and Mrs. Thomas Wood entered the following guests Sunday: Mr. and Mrs. James Van Sledright and sons, Henry and Walter, of Toledo; Mrs. Margaret Cornish, of Chicago; Mr. and Mrs. Kenneth Abrams, of Toledo; and Mr. and Mrs. James B. Hinger and children.

## Watch, Lost 15 Years, Still Keeps Good Time

HUNTINGTON, Ind.—Famer Snowberger, of Mt. Morris, Ill., brought a watch here which still keeps good time although it lay in a Huntington County jail for 15 years, including the time when the Civil war was being fought.

Snowberger's father, Jonathan Snowberger, who lived in Martinsburg, Pa., visited here in 1850 while participating in a foot race. He lost his silver, key wind, French made watch and it was not found until fifteen years later by a woman taking a sweet ride.

When it was returned to Snowberger at Martinsburg he put it in running condition and it is still telling the time accurately when the son remembers to wind it.

## SPORT STUFF

BY BOB ELLIOTT

WHEN the Erie Roundhouse defeated the Osgood last night it made the only first place tie in existence in any of the four recreation baseball leagues at this date. Both the Fairfield and Osgood have won eight games and lost two while the Roundhouse has lost three out of ten.

This does not mean that the latter must be ousted out of the pennant race by any means as there will be plenty of chances for them to sneak into the lead by defeating Fairfield and then having the latter defeat Osgood. This is not at all unlikely.

This Roundhouse has a wonderful defensive team and perhaps the hardest hitting crew in any of the leagues but have found the lack of a capable moundman too big a handicap to overcome in several of their games. If they had a pitcher to measure up to the standard of some of the other leading teams, there would be no doubt in the mind of yours truly as to who had the best team in the Industrial league.

TWO protests in games of the second church league will be presented to the commission at its monthly meeting next Monday night that will cause a grand mixup in the standings if they are O. K'd by the commission.

Christians and Lutherans, now tied for third place both have protested which will show them into the thick of the pennant chase if they succeed in going through. Christians have protested Forest Lawn's second round victory while the Lutherans have registered a protest on the 8 to 1 defeat handed them by the United Brethren nine a few weeks ago.

If these protests go through here's the way the teams will stand as they lineup for next Monday night's crucial games: Ashbury, Lutherans and Christians all tied for first place; Lee Street in fourth; United Brethren in fifth; Forest Lawn and Presbyterians tied for sixth and seventh; Reformed, eighth.

BURKE, Erie Roundhouse catcher, gets our bouquets of flowers for yesterday's games with his hitting performance against Bill Toomire. He was up five times, got two singles, a home run, an error by a doubtful error and a long fly to Tashley in center field. The last of his singles in the tenth which drove home the winning run could have been an easy home run had it been needed.

Solitude is pleasant enough when one can vary it at will by companionship. But when it is compulsory, it creates the heart.

## THURSDAY'S RESULTS

Hocking Valley 15, Erie Yardmen 0.
Erie Roundhouse 6, Osgood 5 (ten innings).
Fairfield 10, Huber 3.

BY BOB ELLIOTT

ONCE more the Industrial league lend finds itself shored by two teams as the result of a ten inning battle yesterday in which the Osgood nine dropped a 6 to 5 decision to the Erie Roundhouse mainly through the work of one Mr. Burke who performs behind the bat for the rounders and incidentally does a little hitting.

The Roundhouse had hoped off to a four run lead in the second inning when they scored two runs but saw this cut down to exactly nothing when the ultimate score scored four runs in the fifth to tie the game up. The winners' five run spurge in the second was featured by a terrific home run by Burke with two on.

Loss Only Chance Richards blanked the Osgood players in the last five innings, the losers losing out on their only chance to score in the tenth when Council Ford Perry at second with two on and two out. Three hits clinched by Burke's winning blow won the game in the tenth for the Roundhouse.

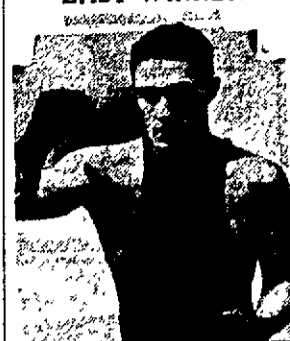

Shorack opened with a single and took second when Price got a scratch single to the infield. Burke then drove one way over Kiddle's head that would have been good for a home run had it been needed. And Kiddle caught the ball, Shorack would have experienced little trouble in scoring from second after the catch.

Third base defeated Huber, 10 to 3, to go into a tie for the lead. The colanders ended the game in the seventh when they drove in seven runs. Two were scored in the first and an extra one in the sixth. St. Gibson was the leading hitter with three runs.

## 25-DAY RACING MEET TO GET UNDER WAY SOON AT BAINBRIDGE

Held for Benefit of Owners Unable To Race Horses at Thistledown

CLEVELAND, July 19.—Horse racing, which in the last week suffered a severe setback in Cuyahoga county, will be revived in the adjoining county tomorrow.

Formal announcement was made today by Thomas J. McGinty, owner of the Bainbridge race track, just across the Cuyahoga Geauga county line, that a 25 day meet will open there tomorrow.

The Bainbridge meet, it was stated, will be staged largely to accommodate owners of horses sent there from Thistledown track in Cuyahoga county, when Sheriff Ed Moriarty closed the track.

No Interference Backers of the projected Bainbridge meet anticipated no interference from Geauga county authorities with their "contribution" system of lacking horses. They got by with a three weeks race card in the spring at Bainbridge without the sheriff or police objecting to the contribution system.

On the other hand, many observers expected the Geauga county authorities to subject the "contribution" system to closer scrutiny before giving the track a clean bill of health this time. It has been rumored that high-

## JERSEY YOUTH GIVEN ARTISTIC TRIMMING BY FIGHTING CHAMP

Loughran Fights Best Battle of Long Career in New York Scrap

BY DAVID J. WALSH

NEW YORK, July 19.—The volunteer pallbearers came to mourn the passing of a champion last night but they remained at once to marvel at his greatness and to commemorate with a challenge whose only fault was that he never had the chance of a chance. The Tommy Loughran, the light-heavyweight champion who was supposed to have died on the scales, lives on in the ring to make the greatest fight of his career against James J. Braddock at the end of 15 rounds was just a formality, necessary for purposes of the records but otherwise hardly worth mentioning.

Charitable scoring would give Braddock three of the five rounds and even several of these were open to argument. Loughran was badly out of a built over the eye in the first minute of play and was content to coast through the first round until he could get to his corner and have the injury cauterized. The circumstance left Braddock with a shade on the round but after that Loughran let Braddock have nothing, except a handful of Turn to Page 17

## CUBS NEAR LEAD AS GIANTS TOPPLE BUCS

BY LES CONKLIN

NEW YORK, July 19.—If Pittsburgh loses to New York again today, Chicago can regain first place in the National league scramble by beating Brooklyn. The Cubs have showed the Robins seven times in as many starts this season while the Pirates, apparently stalling off after their winning spurt against the weaker eastern teams last week, are having their hands full with the Giants.

The Giants played errorless ball behind Carl Hubbell yesterday and bunched hits off Eddy Brann to win by a 4 to 1 count. Perry starred at bat with three hits.

Seven Hits in First

Just before the Cubs took the field against Brooklyn, the umpires received instructions from President Hedges to give the pitchers a break by rubbing the new balls in top soil. The Chicago batters refused to cooperate in the timing of the jabber, however, and lined out eight hits in the first inning, scoring seven runs. Brooklyn rallied but lost, 11 to 7.

The Yankees were rained out in Cleveland, but the Athletics made hay while the sun shone in Detroit, pounding out an 8 to 1 win and stretching their lead to 5½ games. Although nipped for 17 hits, George Uhla of the Tigers proved he could take it by going the route. The Detroit errors helped Rube Walcott of the Macks get back into his winning stride.

Danny MacFadden, bespectacled Red Sox pitcher, lost a 2 to 1 duel to Red Faber of the White Sox when he passed Kamm with the bases full in the tenth.

Senators Win Scoring seven runs in the seventh inning when they knocked Blackholder out of the box, the Senators trounced the Browns, 10 to 3. Roetz, St. Louis.

St. Mary's	5	5	.500
Oak	3	8	.273
Glenwood	2	8	.200
State	1	9	.100

The Central Wildcats' lead in the School league jumped to two and a half games as the leaders defeated St. Mary's, 10 to 6 thanks to six rallies in the first and second inning when five and four runs were scored respectively. The losers got two in the first and three in the sixth.

Silver street in second place, swamped State 9 to 2. C. Caprino and A. Caprino, the winners' battery led the hitting attack with three hits each. Millington led the losers with three.

In a battle for the cellar Glenwood defeated Oak street 6 to 5 by virtue of a second inning attack that netted five runs. The winning run was scored in the fifth. The losers scored two in the fourth and fifth innings for their only sustained attack of the game.

## SMITH IN FINALS

K. M. Bower and Joe Slauer Meet Today in Semi

K. M. Bower and Joe Slauer will meet late this afternoon at the Marion Country club in a semi-final match of the annual President's cup tournament for the right to play J. R. Smith, winner of the upper bracket, Sunday afternoon in the 36-hole final match. Smith defeated J. W. Barnett, four and three to enter the finals. Mr. Smith gave Barnett four strokes handicap.

The Bower-Slauer match was supposed to have been played yesterday afternoon but was postponed until this afternoon. Mr. Slauer will receive a handicap of about eight strokes from Mr. Bower.

## KENTON IS FIRST

First Game of District Legion Tourney This Afternoon

The Kenton Club and Gallon American Legion nine will open the tournament for the championship of the third district of the American Legion junior baseball tournament at 3 o'clock this afternoon. All the tournament games will be played at Lincoln Park.

Toledo Reserve Mudcats make their initial appearance at 10 o'clock Saturday morning when they tackle the Kenton team and then close the tournament by meeting the Gallon nine at 3 o'clock Saturday afternoon. The winner of the tournament will represent this district in the state tournament at Neil Park, home of the Columbus Senators.

## LOCAL FANS TO SEE GREAT MOUND DUEL IN CONTEST SUNDAY

Sep Good and Marlin White Oppose Each Other One More Time Here

OLD time reminiscence will be in order as Sep Good and Marlin White oppose each other on the mound when the Marion Early and Fremont Merchants meet in the 5th game of a double header at Lincoln Park next Sunday afternoon. The first game is scheduled to get underway at 2 o'clock, sharp with the second game being called around 4 o'clock.

But getting back to Good and White, Good as you know is the 44-handed hurler for the local team at White, also a pitcher, is the ace of the Merchants' staff. Good and White's mound duels date back to a period ten years ago when he was men were hurling in the Fremont Industrial League.

Good threw them over for the Herbrand Company while White was the mound artist for the Herbrand Claws team. More than one pitcher's battle was recorded into Fremont baseball annals when these two "lefties" got into action in the six games.

However times went by and Good, probably the greatest left hander ever developed in Fremont and vicinity, got into fast company and finally received a try-out with the Detroit Tigers. When he reported for the trial test he found his arm had been overworked during the previous season which he spent in the Mint league with Ray Gale and that a great share of the old speed and skill was missing.

During the same time White worked his way to a try-out with the Toledo Mud Hens but they wanted to change him into an outfielder and Mr. White couldn't stand so back he came to Fremont where he has been pitching ever since.

"Keep out the Heat—  
Let in the Breeze"

THAT'S the secret of the weave that makes Griffon Zefirette the favored suit for the sizzling days of Summer.

An open porous weave lets through any air that might be stirring,—the light weight is an effective barrier against the heat.

SOMEHOW YOU APPRECIATE that more with a Chesterfield.

Perhaps it's the extra fragrance—delicate, spicy, aromatic. Perhaps it's the mild sweetness, or the mellow richness and "character."

More likely it's all these, but so completely and smoothly blended and cross-blended, the standard Chesterfield method, that it seems no blend at all, but a single perfect tobacco.

In a cigarette it's taste; in Chesterfield it's

act. A game, horse-like type, he kept coming on all night. There was only one reason that he didn't keep going: a bit all night—they didn't fight all night.

**Burial Postponed**  
So the burial of an old champion who was believed to have given up his professional life in his effort to make the class limit of 175 pounds had to be postponed indefinitely. There was no funeral unless one wishes to consider the fight in that respect. It must be admitted that it lacked ac-

## TOMMY EXPECTED TO MEET HEAVIES

Report that Tommy Loughran would never defend his light heavyweight title again because of difficulty in making his weight were accounted for by friends of the champion today. The sentiment in the Loughran camp was that Tommy would not relinquish the crown until beaten in the ring although it was admitted he might make frequent forays into the heavy weight division.

tion great as Loughran was. He was so good as a matter of fact as to preclude the possibility of real action. One round was much the same as another. That Braddock followed snarling in important range came out swinging and either was with it stupid or tied in a four-in-hand. He did manage to score with rights to the body and head in the first and third where again Loughran was badly cut by an unintentional butt but mostly the dreaded punch that stopped Gelfin and Statterman. Just as well have been smelt at a scuttler in the third row balcony.

There is a saving in baseball that deals with the admitted fact. I can't hit what you don't see. Tommy Loughran's trouble was that he saw too little or saw too much meaning that he saw too little of Loughran and too much of his gloves. Outlets of brief rallies in the thirteenth and fourteenth Braddock was a mere distant figure from the third round onward.

As for Loughran I have seen him make good his bid and I saw him make his best last night.

safer. Heale and Weiss hit best for the losers. C. D. M. outbatted the Shore Club 4 to 3 but lost the game 3 to 1 when errors allowed the winners to tally two runs in the fourth and one in the fifth. Zuppan put in a good game but his poor support was too big a handicap to overcome. Surider had only one error behind him.

**Hocking Goes Up**  
Hocking Valley climbed to the dizzy heights of a fourth place tie when it outbatted the Erie Yardmen 14 to 0 behind a fine wind performance by L. Olsen. G. Fisher, first baseman for the winners who scored in five of the seven innings. The defeat was the eighth in ten starts for the Yardmen.

## BAINBRIDGE TO HAVE 25-DAY RACING MEET

Held for Benefit of Owners  
Unable to Race Horses  
at Thistledown

Continued from Page 16  
The officials did not approve of the racing county sheriff and police officers' hands off police at the former track.

Meantime racing with any form of speculation by the fans which involved money was off in Cuyahoga county for the rest of the season. Sheriff Hendricks notified promoters of the grand circuit races at North Randall track that he would permit no betting there.

**One Day Meet**  
Consequently the North Randall meet will be only for one day. It was announced. Purse of \$25,000 for the day's race card will be taken from general revenue and if this is insufficient the debt will be made up by grand circuit leaders according to A. C. Lennell, general manager.

## Ashland Youth To Meet Dick Morrow in Finals

CLEVELAND, July 19.—Thirty six holes of golf and young Dick Morrow of Westwood were all that stood between 16-year-old Dick Lutz, of Ashland and the district junior golf tournament championship here today. Morrow said that was plenty. He played in the father son tournament at Canterbury course yesterday, and shot a nice 81 while the senior Morrow was taking a 93. The Ashland boy rested yesterday.

Lutz and Morrow were to tee off at 10 a. m. for their first eighteen holes and at 2 p. m. for the final round.

## Sacred Monkeys of India in Boston Zoo

BOSTON.—Coming from India, where the natives look upon them as sacred, the monkeys of the Boston Zoo have been called to the ever increasing collection of animals at the Park Zoo.

They are called as they have been of kindred are of that city, silky whitish gray hair and their

small jet black faces are encircled by a distinctive puff. Projecting brows with long bristling hairs shadow their soft brown eyes, while black ears project like those of a small boy in a cartoon.

In their own country the human monkeys are accorded every privilege by the Indian natives, but they do not thrive in captivity. The human monkeys are rather scarce in this country.

Those who will admit that they are lazy are usually not so mentally.

Tobacco Chewer, at 101,  
Still Is Good Eater

ARKANSAS CITY, Kan.—Temperate habits in eating and chewing tobacco are attributed as the reason for Moses Hatfield's old age and youthful appearance. He is 101 years, 6 months old and still eats.

A tobacco with the gusto of a young man today he smokes up past 2 or 3 o'clock drinks occasionally. He usually proclaims that he has had liquor ever since he was old enough to hold a bottle in his hand and says he has never been "dead" drunk. Temperance in his eating habits

Hatfield believes, is more responsible for his long life than anything else. He did not and does not eat at any regular intervals, but the most important thing he practices is that he does not eat excessively.

Don't have so much faith that you sacrifice your judgment.

### Accept Coolidge as Cape Cod Fisherman

NORTHAMPTON, Mass.—Calvin Coolidge, who did not become famous as an amateur fisherman until he became president of the United States, when the discussion over the admissibility of trout fishing with worms be-

came nationwide, has been elected honorary member of the Cape Cod Trout club.

A result, the former executive was expected to avail himself of the privilege by casting for the elusive trout on the estate of his friend, L. P. Handy, wealthy Wareham cranberry grower and fish culturist.

**New Paris Hostelry**  
Called "Hotel Wilson"

A Paris hotel-keeper has just put out a new sign reading, "Hotel Wilson." It is just across the street from an older hostelry named, "Hotel Geneva," which is in the little street which leads up to the home of the English theater in Paris.

## USE THIS SPECIAL CLEANING PRODUCT GREAT HOSPITALS RECOMMEND

Avoid "pot-and-pan" cleansers when cleaning paint and enamel. No excuse for damage now

You may think it is hard to keep your painted woodwork and doors clean, especially if you have children. But a hospital has hundreds of white porcelain beds, white doors, walls and woodwork to keep immaculate. They are constantly finger-marked and smudged. "Pot-and-pan" cleansers scratch and remove the paint because of the harsh abrasives and caustic soda they contain. Repainting is costly. That is why most every hospital in America uses Wyndot exclusively for enamel and porcelain—and has for years. Wyndot contains no harsh abrasives or caustic soda. In a recent test, a glossy white door, smudged each time with dirt, was wiped clean 143 times with Wyndot and a damp sponge before the slightest wear showed, even under a microscope. Now Wyndot is sold in package form at every grocery. Only 10c a can. Guaranteed.
